

THE BLOCKS TRUCK

INFORMATION & DIMENSIONS

THE BLOCKS owns a large delivery truck that we refer to as THE BLOCKS Truck. We like to think of it as a party in a truck though it has infinite uses and is just waiting to be engaged! We also have a large inventory of assets that are available for you to use
- free of cost.

We'd love to chat about how your organization can use the truck to advertise your programming or as an activity at your next event.

Merinda Christensen, email: merinda@downtownslc.org, for more information.

VINYL SIDING

The truck's sides are covered in a white vinyl that can be used as a canvas for painting or collage, it could function as a projection screen, a backdrop for a performance or anything else you can think of. This vinyl can be printed on as well and could feature your event logo or information.
